**By Joni Dittrich, Ph.D. (Rajashree Maa)**

**CHAPTER SYNOPSES**

**Opening (p. v)**

**Introduction (p. ix):** How Kali-Ki Reiki and the symbols were revealed to the author. How to read this book. Guided meditations and stories of healing experiences are interspersed throughout the book.

**Terms Used in Kali-Ki Reiki (p. xxi)**

**PART ONE: THE WISDOM FOUNDATIONS OF KALI-KI REIKI**

**Chapter One: Understanding Kali-Ki Reiki as the Force of Limitless Love (p. 1)**

Reiki is described as the energy of the Divine Mother, or what in Kali-Ki Reiki we call the Loveforce. This is also the energy of the formless, attributeless, divine absolute, which we call Limitless Love.

**Chapter Two: Healing as Transformation (p. 17)**

Reiki loveforce energy heals by restoring harmony and wholeness to the entire being. Describes how healing involves a transformation of consciousness as the person realizes that even healing on the physical level is a result of alignment with the Soul Self. Healing is understood as an activation of the loveforce energy that is always and already present in the client.

**Chapter Three: Healing from Within: The Yoga of Kali-Ki Reiki (p. 39)**

Kali-Ki Reiki is a practice for both healing and spiritual awakening, or what we call “wisening.” Kali-Ki Reiki is related to the Eight Limbs of Yoga. It works in all layers of the being, traversing the energetic layers of the human system: from the soul to the psychic, mental, emotional, and physical selves or “energy bodies.” This chapter also describes the chakras of Kali-Ki Reiki and how it heals through these subtle energy centers.

**Chapter Four: Releasing the Knots That Bind: Karma and Trauma (p. 83)**

Discusses the necessity of releasing karmic binds in reiki healing and discusses practices for doing so. Introduces DROPPP (Deep Release of Persistent Pain Patterns) as a unique treatment utilizing Kali-Ki Reiki for releasing trauma and karma. Discusses the practitioner's need for karmic protection when performing reiki. Practitioners can avoid accruing karma through not identifying the ego self as the "doer" of the healing, and non-attachment to the results and processes of reiki healing.

### **Chapter Five: Meditation and Self-Inquiry (p. 119)**

Meditation and reiki healing practices are the two wings of Kali-Ki Reiki. Regular performance of both helps us heal and wiser. "Ham Sa" mantra meditation is presented as the main meditation practice of Kali-Ki Reiki. Discusses the necessity of ongoing self-inquiry into our true divine nature and recognizing and releasing whatever thoughts, identities, actions, and words that obstruct our full self-realization and manifestation.

### **Chapter Six: The Divine Feminine (p. 147)**

Describes how Divine Mother has been known and worshipped in various forms in all wisdom traditions throughout time. Explains how Her Loveforce energy is sorely needed in these times. Kali-Ki Reiki is understood as a timely revelation from Divine Mother, intended to bring healing and harmony into our awareness, our current life situations, and world circumstances.

### **Chapter Seven: The Mother's Symbols (p. 165)**

Describes the universality of symbols and how the unique symbols of Kali-Ki Reiki are light-forms of Divine Mother's Loveforce. Each symbol vibrates and pulses at frequencies that offer healing and wholeness according to what is needed. Whereas different symbols may bring healing to different levels of the human system, all symbols serve to awaken awareness and inspire wisening to both the practitioner and the client. Briefly describes "attunement," the initiatory process whereby the practitioner is empowered to perform Kali-Ki Reiki.

## **PART TWO: THE KALI-KI REIKI SYMBOLS AND THEIR WISDOM**

### **Chapter 8: First Level Kali-Ki Reiki (p. 195)**

Overview of what is taught to entry level Kali-Ki Reiki practitioners. Students learn that Kali-Ki Reiki is the Loveforce energy of Divine Mother and conveyed through Her symbols. Chapters 9-12 describe each of the First Level symbols along with guided meditations and stories about their healing and wisening properties.

### **Chapter 9: Shri Vidya Trishul: Trident of Wisdom (p. 203)**

The story of how the first Kali-Ki Reiki symbol was revealed to Rajashree Maa and how the lineage began. Importance of trinities in yoga and other wisdom traditions. The meaning of Om and how it is used as a healing symbol on all levels of the human system. Om awakens us to the Limitless Love at the core of being. ### **Chapter 11: Hasti Bala (p. 263)**

Trishul as the Kali-Ki Reiki distant healing symbol. How healing happens beyond touch and the limitations of time. Clarifications on the notion of “sending” reiki and the importance of client consent in reiki healing.

### **Chapter 13: Second Level Kali-Ki Reiki (p. 299)**

An overview of the Second Level symbols and teachings in Kali-Ki Reiki. At Second Level, the symbols are as much intended for consciousness-expanding and “wisening” as they are for healing. Chapters 14-18 describe each of the Second Level symbols along with guided meditations and stories about their healing and wisening properties.

An evolving process, enhanced through our sadhana or spiritual practice, of healing of ourselves and others, as well as daily deep meditation and self-inquiry. Two Master Level symbols are introduced in Chapters 20 and 21, along with stories of healing and mastery at advanced levels.
